

TOPS University Dual Enrollment

Dear Parent or Guardian,

In the 2019 legislative session, the Louisiana Legislature passed a budget that increased the amount of Supplemental Course Allocation (SCA) funds for each school district. As a result, the St. Tammany Parish Public School System will pay for tuition costs for specific academic courses that are dually enrolled with a St. Tammany Partner College or university.

In order to qualify for funding for a TOPS aligned core academic dual enrollment course, a student must meet all the course eligibility guidelines established by the St. Tammany Partner College or University.

St. Tammany Parish Public Schools will fund **up to six (6)** course hours of college or university credit. Course offerings vary by high school. The following courses are available for tuition funding contingent upon student eligibility and availability at the student's high school.

English III, English IV, Algebra III, Probability and Statistics, Pre-Calculus, Calculus, Biology II, Chemistry, Anatomy and Physiology, Chemistry II, Physics, U.S. History, World History, Western Civilization, and Government.

If a student enrolls in a course and drops the course after the tuition is paid, the student will be obligated to reimburse St. Tammany Parish Public Schools for the full tuition expense. Please consult your school about tuition costs.

If your child is eligible to enroll in a dual enrollment course, please complete the following.

I agree to reimburse St. Tammany Parish Public Schools the cost of tuition if my child drops a dual enrollment course after tuition has been paid.
