

TRANSCRIPTS

- Seniors have informed Mr. Esker of their final transcript destination. They only need to let Mr. Esker know if there is any change in the destination before May 31st.
- Public universities in Louisiana will download final transcripts from STS (the state's transcript system) in June. We do not send final transcripts to Louisiana public universities since they will download them from STS.
- Final transcripts will be sent from Mandeville High School once a graduation date is attached to the transcript. The graduation date on the final transcript is May 28, 2021, the last day of school for the underclassmen. The transcripts will be sent either electronically or through US mail depending on the preference of the college.
- Dual enrollment transcripts must be sent by the student directly from the college or university that sponsored the course to the college of his/her choice. In order for that credit to follow the student to his/her college of choice, **the student needs to request a transcript from the university that sponsored the dual enrollment course.** A list of our courses and the universities that sponsored the course can be found below, along with instructions regarding the transcript request process.
 - English IV Honors – Mrs. Thigpen – Southeastern Louisiana University
 - Calculus Honors – Mrs. Bache – Southeastern Louisiana University
